# All About Us

Our mission is to create brave spaces with girls\* of color to take charge of their own power as leaders, igniting their abilities to confidently express themselves, build community, and act against injustices affecting their lives.

We support girls\* through three different outlets: **Cultural Enrichment Programs, Employment Program** and **Student Advocacy**. All of which are free to join and are ways to offer critical analysis and skill-building spaces with girls\* in Seattle.

*\*those who identify or socialize as a girl*

## CULTURAL ENRICHMENT

The cultural enrichment program is both an "in school" and summer programs for 12- 14 years olds . The "in school" program is a space for girls\* to learn about themselves, increase pride in their identity and furthermore learn how to navigate the world around them. The summer program is a space where our girls\* can be creative and use art to create social justice change.

## EMPLOYMENT PROGRAM

The employment program offers both after school and summer programs for 14-18 year olds. Our after school program is a job readiness program where girls\* learn about social justice issues that impact them while building job readiness skills. Our current summer event "Post it Up", is a space where girls\* gain basic art production skills and work collectively to produce their own posters to showcase how they see the world.

## STUDENT ADVOCACY

The Student Advocate program is a 1:1 direct support and summer programs for 12- 18 years old who are at risk of experiencing and/or perpetuating violence. We support our girls\* in achieving their goals such as improving their grades, getting a job, finding independent housing, and more.

# WHERE OUR MONEY GOES

"Powerful Voices makes  
you feel like family ... and  
they help you become the  
best version of yourself,  
and because of that, we  
become leaders on our  
own terms as powerful  
women."
